

## Bib tag attachment

Please follow these instructions to ensure optimum performance from your ChronoTrack timing tag

Your event is being timed with ChronoTrack B-tags.

Depending on the event either one or two Bib tags are applied to the back or your race number (bib)

✔ **Your tag(s) is/are programmed with the number on your bib.**

Check the number on your bib is the number you have been assigned by the event organiser

✔ **Attach bib to lower half of your running top using 4 safety pins**

⚠ **Please do not cover tag - the full bib must be visible at all times**

- ⚠ **Please do not attempt to remove tags**
- ⚠ **Please do not crease or fold bib. If you crease or fold the tags the tag will fail.**
- ⚠ **Failure to follow these instructions may result in your time not being recorded**

If you have difficulty following these instructions please see a timing official for assistance
