

Seatpost kit Instructions

Please follow these instructions to ensure optimum performance from your ChronoTrack timing tag.

Your tag programmed with your race number is already attached to your seatpost sticker.

Carefully peel your seatpost sticker from your number kit.

Place your number sticker on your seat-post aligning middle of sticker with the middle of the seatpost.

Press the ends of your number sticker together.

Then gently press the sticker closed.

Seat-post sticker correctly fitted.

Please do not remove your timing tag.

Please do not bend or fold your timing tag.

Please do not modify or cut your timing tag.

Your time will not be recorded if you do not follow these instructions.

If you need help fitting your seatpost sticker please see a timing official for assistance
